DRESSER ANNOUNCES RENEWAL OF STRATEGIC SUPPLY AGREEMENT WITH MAJOR GLOBAL ENGINEERING, CONSTRUCTION, PROJECT MANAGEMENT CUSTOMER

Agreement Includes Dresser Consolidated Safety Pressure Relief Valves and Dresser Masoneilan Control Valves

HOUSTON (January 5, 2011) – Dresser today announced the renewal of a strategic supply agreement to serve as a global alliance supplier for a major engineering, construction, procurement, maintenance and project management (EPC) customer. The agreement includes the extensive supply of Dresser Consolidated and Dresser Masoneilan product and valve offerings for end user customer projects.

“Over the last year, Dresser Consolidated and Dresser Masoneilan have worked with our customer to develop high quality, custom solutions for customers,” said Jim Gray, vice president of sales in Americas at Dresser Inc. “Renewing this agreement ensures that Dresser Consolidated and Dresser Masoneilan end user customers continue to benefit from our high performance products as well as our supply chain process integration, aftermarket services and the combined expertise we bring to project execution and product solutions.”

Dresser Consolidated and Dresser Masoneilan engineers will work closely with partner engineers to develop flow and pressure control valve and safety pressure relief valve solutions for a wide range of applications in the oil and gas, power generation, chemical and petrochemical, life sciences, water and other process industries. Dresser Consolidated and Dresser Masoneilan offer a complete selection of safety valves, safety relief valves, pilot-operated safety relief valves, general and severe service control valves, control valve actuators, pressure regulators and field instrumentation.

Through this partnership, customers will continue to have worldwide access to aftermarket support from the Dresser Consolidated Green Tag Center[®] (GTC) network and Dresser Masoneilan MARC[®] (Masoneilan Authorized Repair Center) and Dresser Direct facilities. The GTC network encompasses 75 facilities worldwide, giving customers around-the-clock access to the expertise, inventory and services they need. MARC and Dresser Direct facilities offer a complete array of services and tools to help keep valves operating at peak performance.
